SETTLING AND LIVING IN GERMANY WITH CHILDREN

Dear families, Dear parents,

You have left your home country and now live with your children in Germany. A multi-lingual, multi-cultural life is diverse and enriching, but it can also be quite stressful. You may have the following questions about everyday life:

- How do kindergarten and the school system work?
- What will teachers expect of us?
- What rights do my children have?
- What does my child need to develop healthily?
- What can I do if I or my child are not doing well?

Our course is free for parents.

It takes place every week for eight weeks. Each session lasts three hours.

WHAT WE TALK ABOUT IN THE PARENTS' COURSE

- Origin and identity
- Culture and values
- Communication and language
- Children's rights and parental responsibilities
- Child development and socialisation
- Education and health

While you attend the course, your children will be looked after by staff of the child protection association.

Our qualified course trainers will provide you with lots of helpful information. You can talk to other parents and ask questions. We encourage you to get help if you are having difficulties or worries.

The course is held in various languages and in various locations around Hamburg. If you would be interested in attending a course, please get in touch with us!
